I. COPYRIGHT TRANSFER

Copyright to the Work and to any supplemental files integral to the Work which are submitted with it for review and publication such as an extended proof, a PowerPoint outline, or appendices that may exceed a printed page limit, (including without limitation, the right to publish the Work in whole or in part in any and all forms of media, now or hereafter known) is hereby transferred to the ACM (for Government work, to the extent transferable -**see Part I. B. below**) effective as of the date of this agreement, on the understanding that the Work has been accepted for publication by ACM.

Employer / Author(s) Retained Rights. Each of the Employer/Author(s) retains the following rights:

1. All other proprietary rights to the work such as patent;
2. The right to reuse any portion of the Work, without fee, in future works of the Author's (or Author's Employer's) own, including books, lectures and presentations in all media, provided that the ACM citation, notice of the Copyright and the ACM DOI are included (See Section 4 below). Requests made on behalf of others, however (i.e. contributions to the work of other authors or other editors), usually require payment of a fee;
3. The right to revise the work. (See Policy [§2.4](#) Definitive Versions and Revisions);
4. The right to post author-prepared versions of the Work covered by the ACM copyright in a personal collection on their own home page, on a publicly accessible server of their employer and in a repository legally mandated by the agency funding the research on which the Work is based. Such posting is limited to noncommercial access and personal use by others, and must include the following notice both embedded within the full text file and in the accompanying citation display as well:
*"© ACM, (YEAR). This is the author's version of the work. It is posted here by permission of ACM for your personal use. Not for redistribution. The definitive version was published in PUBLICATION, {VOL#, ISS#, (DATE)} <http://doi.acm.org/10.1145/{nnnnnn.nnnnnn}>".
(You may find the nnnnnn.nnnnnn number for your article DOIs on its citation page in the ACM Digital Library.)*
5. The right of an employer who originally owned the copyright to distribute definitive copies of its author-employees' Work within its organization. Posting these works for access outside of the employer's organization requires explicit permission from ACM.

Authors should understand that consistent with ACM's policy of encouraging dissemination of information, each work published by ACM appears with the ACM copyright and the following notice:

"Permission to make digital or hard copies of part or all of this work for personal or classroom use is granted without fee provided that copies are not made or distributed for profit or commercial advantage and that copies bear this notice and the full citation on the first page. Copyrights for components of this work owned by others than ACM must be honored. Abstracting with credit is permitted. To copy otherwise, to republish, to post on servers or to redistribute to lists, requires prior specific permission and/or a fee."

☒ A. Assent to Assignment. I hereby represent and warrant that I am the sole owner (or authorized agent of the copyright owner(s)), with the exception of third party material detailed in Section III below. I have obtained permission for any third party material included in the Work.

☐ B. Declaration for Government Work. I declare I am a Government employee who prepared the Work as part of my job, and whose work is not subject to copyright. If a co-author is not a government employee, check box A as well. A modified copyright statement regarding government use will appear on the published work. Checking box B certifies that the above author(s) wrote the Work (a) as part of work as government employee(s) or, (b) as other government work.
